New Hospital Affiliate Program

Offers new or existing Patient Blood Management Programs an institutional benefit package that gives your hospital direct access to U.S. and international PBM clinical/administrative leaders. Available in two packages:

STANDARD PREMIUM

Annual Individual Memberships	4	7
Annual Meeting Registrations	4	7
PBM updates, news and access to thousands of indexed abstracts in the SABM online library	✓	✓
Hospital Logo and Link on SABM website	✓	✓
Plaque honoring your institution as an Affiliate Supporter of SABM	✓	✓
The NEW Quality Guide to the Administrative and Clinical Standards of Patient Blood Management Programs®		✓
Updates on regulatory developments on PBM guidelines		✓

Benefits for SABM members include:

Annual Meeting: Discounted registration for members and access to past meeting presentations.

SABM Quarterly Newsletter: Contains news, views, updates on educational opportunities and membership information. A section highlighting SABM Standards is a unique feature.

SABM Website: Online guides, resources, and publications for blood management and transfusion. Members-only section provides access to reference library and transfusion algorithms as well as a database of current PBM programs.

EZINE: SABM's complimentary electronic monthly newsletter that includes references and summaries of the latest and most up-to-date literature regarding blood management and transfusion.

Networking: Expand your contacts by meeting other healthcare professionals with similar PBM interests at national or regional meetings.

Continuing Education Opportunities: Access to listings of online continuing education opportunities, many of which offer CME credit.

Member Directory: Protected directory of other SABM members with similar interests and goals for PBM.

Research and Project Opportunities: Chance to become involved with and collaborate on new or unmet research activities and projects in PBM.

Mentorship: Opportunities to serve as mentor for newer members of the Society as well as request a mentor for those looking for guidance on advancing their own institution's PBM goals.

Recognition and Leadership: SABM members benefit from being associated with an organization that serves as a leader in the field of patient blood management. More importantly, our members become leaders in the field by increasing public awareness on the value of a strong patient blood management program!
