

● Mentorship Program Benefits

Capable healthcare professionals are the backbone of effective patient blood management programs. SABM provides up-to-date, readily available, high-quality resources to professionals designed to help them apply patient blood management best practices in their respective fields.

Keep your finger on the pulse of the most current needs and technologies to ensure that your service and program continues to have a positive impact on patient outcomes. Learn how to access the latest research in patient blood management.

Learn how to use SABM's public education tools and online resources to turn your patients into informed healthcare consumers.

Take advantage of this unique resource available to all new members and become conversant in Patient Blood Management and blood conservation techniques.

● How Can You Benefit?

Apply online for membership.
Go to www.sabm.org/membership and indicate you seek a mentor.

**SOCIETY FOR THE ADVANCEMENT
OF BLOOD MANAGEMENT®**

**SABM
MENTORSHIP
PROGRAM**

● Description

The Mentorship Program is open to SABM members who are interested in having another SABM member as a mentor. Mentorships are valid for one year from the month membership is approved. Mentors serve as a resource for questions regarding Patient Blood Management and SABM. At the Society's Annual Meeting in September, there will be an opportunity for new members to meet with their mentors.

● Responsibilities

Mentors are experienced professionals who are committed to promoting Patient Blood Management. The mentoree and the mentor, whenever possible, will be paired by professional role.

Mentor will:

Contact mentoree within 4 weeks after notification of application approval.

Follow up with the mentoree within 2 months and at least every 2 months thereafter.

Be available to mentoree as a resource for questions concerning SABM and PBM via email and/or phone. (Relay availability and preferred contact information to mentoree.)

Arrange to meet with mentoree(s) at the Annual Meeting if at all possible.

Encourage and assist mentoree to promote PBM or BMS in his or her home institution and aim to set up a program where none exists.

Whenever possible, invite mentoree to visit mentor's practice in order to observe the practical application of PBM/Blood Conservation techniques firsthand.

Encourage mentoree to publicize SABM and its activities in his home institution.

Submit a brief report of mentorship to the Chairman of the Education Committee at the end of one year.

Mentoree will:

Contact or respond to mentor within 4 weeks after notification of application approval.

Maintain contact with mentor via his or her preferred method of correspondence.

Meet with mentor at the Annual Meeting if at all possible.

Submit a brief report to Education Committee on experience of starting PBM / promoting SABM and its activities in his/her own institution (if such activity was carried out)

Complete and return the Mentorship Program Survey provided to you at the end of one year. Also, let us know if you would like to be considered as a SABM Mentor.
